

# XX Edition - A dream that continues CAMPUS delle ARTI

BASSANO DEL GRAPPA

4 - 11 AUGUST 2024

ARTISTIC DIRECTION **ANGELA CHIOFALO**

The “Campus delle Arti” is a project dedicated to training, education, and talent development. Over its 20 years of operation, it has nurtured the growth of musicians such as Erica Piccotti, Gloria Campaner, Simone Rubino, Ettore Pagano, and Federico Colli. Our teachers are professors from conservatories and academies around the world. A well-established network of volunteers and crowdfunding helps us realize our dream: “music is for everyone.” For two years, we have established a school that, thanks to our 3C Method (body, heart, brain in synergy), is achieving extraordinary results even with children who require special attention. Every year we promote the excellence of the Campus with concerts and recordings, collaborating with Italian and foreign institutions and the record label Musikstrasse.

All concerts take place at the Salone ‘800, Hotel Belvedere, Viale delle Fosse 3, unless indicated otherwise.
